

# AAL ENGINEERING SERVICES – TARIFF

v.06/25

Loading, stowing and discharging high value cargo is a complex operation requiring technical expertise and specialised equipment. The combination of our extensive years' of experience in the sector and the flexibility of our multipurpose fleet allows us to deliver solutions and value for a very broad range of cargo types.

For further enquiries about our engineering services, please contact [chartering@aalshipping.com](mailto:chartering@aalshipping.com).
